

EMPLOYEE QUESTIONS

Could you outline your career path to date?

- Perhaps you could speak about favourite subjects at schools, decisions made about courses etc. When it was time to move on from secondary school, which course(s) did you take and where?
- When you finished with formal education, then what? Your first job?
- How happy were you with decisions you made along the way?
- How did you end up in your current job?

Could you briefly outline the work you do in the company?

- Perhaps you could tell us about your job title/role you have within the company, the specific skills and qualities required to cope with the work, the day to day tasks you undertake, shift work?/weekend work?
- Any special projects you are currently working on?

Could you explain the career progression route(s) within the company?

- In what ways has your job changed since you joined the company?
- What facilities are available within the company to undertake further qualifications and training?
- Did you have to/volunteer to undertake further qualifications/training while you were here?
- Do you have any plans to add to your qualifications and training in the near future?

How does the work affect your lifestyle?

- Perhaps you could outline what are the most satisfying/least satisfying aspects of your job (e.g holidays, company perks, pay/salary, dress informally/wear uniform, opportunity to travel etc)

Any Future Plans?

- Some people would say that recessions bring opportunity! In what ways has the current recession affected the company/your particular job?
- Do you feel your position/job is secure?
- Should you wish to diversify, what other areas of work are open to you?
- Where do you see yourself in say five years time?
